

# 2024

<http://olea.freedomns.org/kalender>

The calendar is a circular arrangement of 12 months, each in its own segment. The months are arranged clockwise from the top: January, February, March, April, May, June, July, August, September, October, November, and December. Each month's segment contains a grid of days with dates and day abbreviations. The dates are color-coded: red for the first and last days of the month, and black for the other days. The day abbreviations are: Su (Sunday), Mo (Monday), Tu (Tuesday), We (Wednesday), Th (Thursday), Fr (Friday), and Sa (Saturday). The calendar is designed to be cut out and folded along dotted lines.

Cut along solid line; score and fold along dotted lines.
